DOOR TO DOOR VALET
CLEANERS

9843 S Santa Monica Blvd, Beverly Hills, CA 90210

Door to Door is a gender-free dry cleaner, which means that unless a garment has unique buttons, trim, or detail, men and women will pay the same for identical clothing. Our shirt service is a prime example of our non-gender-based pricing.

Men's dress shirts are designed to fit on a shirt press in a manner that allows the cleaners to produce many shirts in a short period of time. A woman's blouse can often be processed in the same manner, for the same price. But, if the blouse has pleats, bows, ruffles or delicate buttons and does not fit on the generic press form, it will typically be finished by hand at a higher price.
